

# Gardenmeister

EN V1.0.1

Whether you're just starting out or have years of gardening experience, Gardenmeister has products that truly work. From compact greenhouses for small city gardens to spacious orangeries for year-round comfort. Our collection is designed with attention to detail, durability, and ease of use.

At Gardenmeister, we believe that functionality and beauty go hand in hand. That's why we combine clever design with elegant style. Our products not only help you make the most of your garden, but also enhance your outdoor space. Built to last, and to look good doing it.

All Gardenmeister products are designed to be assembled by you with the help of a clear, step-by-step manual. It takes time and care to put everything together. The result is something to be proud of. A solid greenhouse or orangery that's ready for years of growing and relaxing in the garden.

## Safety glass

With safety glass, you're ensured durability and optimal protection for your plants, while simultaneously creating a bright and inviting environment for gardening and relaxation. It's easy to clean and allows more natural light in compared to the polycarbonate variant.

### Safety glass 3 mm

 **Insulation value**  
6.0 W/m<sup>2</sup>K

 **Light transmission**  
92%

 **Strength panels**  
8.000 g/m<sup>2</sup>

### Safety glass 4 mm

 **Insulation value**  
5.9 W/m<sup>2</sup>K

 **Light transmission**  
92%

 **Strength panels**  
9.600 g/m<sup>2</sup>

## Polycarbonate

Polycarbonate greenhouses are ideal for growing a variety of crops because they provide excellent insulation and are lightweight and sturdy. They offer protection against various weather conditions and ensure an even distribution of natural light.

### Polycarbonate 4 mm

 **Insulation value**  
3.9 W/m<sup>2</sup>K

 **Light transmission**  
84%

 **Strength panels**  
1.300 g/m<sup>2</sup>

### Polycarbonate 8 mm

 **Insulation value**  
3.3 W/m<sup>2</sup>K

 **Light transmission**  
78%

 **Strength panels**  
1.300 g/m<sup>2</sup>

# Foreststar

The Gardenmeister Foreststar greenhouse is a smaller model that is ideal as a hobby greenhouse for beginner gardeners. This greenhouse provides a perfect environment for growing your plants.

## Safety glass 3 mm / Polycarbonate 4 mm

 **Sidewall height**  
121 cm

 **Floor area**  
2.66 – 6.42 m<sup>2</sup>

# Orangery

Enjoy your garden all year round with an orangerie! Choose from our extensive collection of five different models: Royal Park, Orangerie, Victoria, Royal Garden, and Green Diamond. Whether you're looking for a cozy spot to relax outdoors or a versatile space to entertain guests, our orangeries offer the perfect solution.

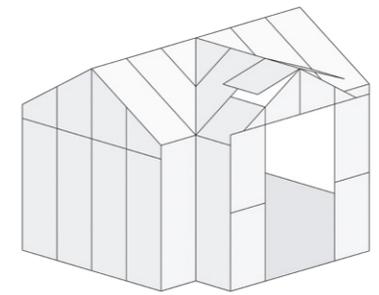

## Models

The main difference between our orangeries is the shape of the model. You can find more details on the page of each specific model.
